2025 RELEASE UNDER E.O. 14176

Fig. 3

A detailed cross-sectional view of a container assembly, likely a food can, showing its internal structure and components. The container has a main body (24) and a lid (22) with a gasket (16) for sealing. A handle (10) is attached to the side. The lid is shown in a partially open position, revealing the interior. A central horizontal member (18) is positioned within the container, supported by a base (70) and a vertical support (72). A diagonal member (62) is also shown, connected to the lid and the central member. Various other components are labeled with numbers: 12, 20, 30, 32, 36, 50, 60, 64, 71, 74, 76, 80, and 82.

Fig. 4

A perspective view of a funnel-shaped container. The container has a wide, flared top rim labeled 10, a side wall labeled 30, and a narrow cylindrical base labeled 12. A small, rectangular component labeled 80 is positioned inside the funnel, near the base of the side wall.
